EXPERIENCE

Technical Solution Evangelist

PSC Group

📅 June 2014 - Jan 2017 📍 Schaumburg, IL

PSC is an information technology and professional services consulting firm headquartered in northwest suburban Chicago.

- Brought in a \$400,000 project. Introduced the PSC brand to 70 companies in one year. Brought in 7 other projects. Set up numerous initial meetings with prospects and PSC leadership.
- Led our presenting and marketing at technology events including speaking at Microsoft Ignite, SharePoint Fest, Sharepoint Saturday, the Office 365 Adoption User Group, and two Advanced Learning Institute intranet events. Mentored coworkers in public speaking.
- Provided Office 365 administration and adoption services both to PSC and clients large and small.

Senior Solution Architect

PSC Group

📅 Apr 2013 - June 2014 📍 Schaumburg, IL

- Led a team to build an Azure-based data warehouse and reporting solution for a health insurance company.
- Senior SharePoint Developer on a team that built a SharePoint-based public website for a transportation and logistics company. The site consolidated numerous acquired brands and over 30 line of business applications onto one platform.

SharePoint Architect

Microsoft Gold Partners Quilogy and Magenic

📅 2003 - 2007 📍 Lombard & Downers Grove, IL

Quilogy (2001-2007) & Magenic (2007-2013) - IT Consulting

- Began working with SharePoint in 2003 for a client in the printing industry. It's been the love of my professional life ever since. Here are some highlights:
- Quilogy: Built a SharePoint Intranet for a United States Senator's office. The site dramatically improved constituent services by eliminating the need to mail or fax paper between offices.
- Magenic: Was one of the two SharePoint technical leaders on a turn-around project to deliver a new intranet after the client, a Fortune 15 company, had a disastrous first attempt.
- Been in consulting since 1995, focused on Microsoft. See my complete work and certification history on LinkedIn at <http://bit.ly/MBB-LI>.

ACHIEVEMENTS

Microsoft MVP since April 2015

This award recognizes my technical community leadership and knowledge sharing.

Awarded the Grow star at PSC

Recognized as a star achiever for helping coworkers perform at the next level. Helped two coworkers earn Microsoft MVP. Recognized as a Networking and Technical Evangelism star achiever too.

Four time INETA Champion

Recognized annually 2010-2013 for my contributions to the Microsoft development community.

Toastmasters Competent Communicator

First member in the Microsoft Midwest District Toastmasters Club to achieve this award.

Co-Leader, Office 365 Adoption User Group

I work with three other gentlemen to organize meetings every two months. This includes reserving a room, finding speakers, driving attendance, and presenting.

EDUCATION

Bachelor of Science, Computer Science

University of Illinois

📅 1991 - 1995 📍 Urbana-Champaign, IL
